Generative Linguistics in the Old World 34
April 27 – May 1 2011, University of Vienna

Program for GLOW 34 colloquium

Wednesday, April 27 2011

registration and reception at: Institut für Sprachwissenschaft
Sensengasse 3a
1090 Wien

Thursday, April 28 2011, auditorium C1 on campus

time	title	speaker	chair
8.30	*registration*		
9.00	*Jean-Roger Vergnaud 1945-2011*	Maria Rita Manzini (Firenze)	
9.15	Parsimonious Merge: The Intricate Syntax of French Causatives and Their Clitic Distribution	Vincent Homer & Dominique Sportiche (UCLA)	Martin Prinzhorn
10.15	Optional *Se*-Constructions in Romance: Syntactic Encoding of Conceptual Information	Cinzia Campanini & Florian Schäfer (University of Stuttgart)	Martin Prinzhorn
11.15	*coffee break*		
11.30	On Possibility Modals and NPI Licensing	I-Ta Chris Hsieh (University of Connecticut Storrs)	Friedrich Neubarth
12.30	(Partially) free to vary	Anamaria Falaus (University of the Basque Country)	Friedrich Neubarth
13.30	*lunch break*		
14.30	Mapping phonology to syntax: evidence from two wh-in-situ languages	Lisa Cheng (Leiden University) & Laura Downing (ZAS)	Dalina Kallulli
15.30	Linguistic rhythm guides syntactic structure building – reading data and an OT-style processing model	Gerrit Kentner (Goethe-Universität Frankfurt)	Dalina Kallulli
16.30	*coffee break*		
17.00	Patterns of Prosodic Prominence in English Intransitive Sentences	Aron Hirsch & Michael Wagner (McGill University)	Adam Szczegielniak
18.00	*GLOW business meeting*		
20.00	*party & dinner* at	Schutzhaus auf der Schmelz Auf der Schmelz 4 1150 Wien	

Friday, April 29 2011, auditorium C1 on campus

time	title	speaker	chair
9.00	Functional categories: FLN or FLB?	Rose-Marie Dechaine (University of British Columbia) & Mireille Tremblay (Université de Montréal)	Clemens Mayr
10.00	Optimality is not a Race: Against a Performance-Based View of Reference-Set Computation	Thomas Graf (UCLA)	Clemens Mayr
11.00	*coffee break*		
11.30	Connecting to Illocutionary Force. A Theoretical and Experimental Study of the German Discourse Particle *denn*	Josef Bayer, Markus Bader (University of Konstanz), Jana Häussler (University of Potsdam) & Simon Hopp (University of Konstanz)	Daniel Büring
12.30	What is dependent Case dependent on? A case study from Slavic	Ivona Kučerová (McMaster University)	Daniel Büring
13.30	*lunch break*		
14.30	poster session 1	*program on page 4*	
15.30	Reducing PRO: a Defective Goal Analysis	Inna Livitz (New York University)	Artemis Alexiadou
16.30	*coffee break*		
17.00	Locating Agreement in Grammar	Rajesh Bhatt & Martin Walkow (University of Massachusetts at Amherst)	Artemis Alexiadou
18.00	poster session 2	*program on page 4*	

Saturday, April 30 2011, auditorium C1 on campus

time	title	speaker	chair
9.00	Some formal conditions on logical syntax	Winfried Lechner (University of Athens)	Viola Schmitt
10.00	A new argument for Small Clauses	Keir Moulton (McGill University)	Viola Schmitt
11.00	*coffee break*		
11.30	Decomposing Blackfoot Proclitics	Heather Bliss (University of British Columbia) & Bettina Gruber (Utrecht University)	Winfried Lechner
12.30	Vagueness, Universal Quantification and the Syntax-Pragmatics Interface	Heather Burnett (UCLA)	Winfried Lechner
13.30	*lunch break*		
14.30	The Spurious NP ellipsis of Hungarian	Éva Dékány (University of Tromsø, CASTL)	Tim Stowell
15.30	On COMP-t Effects in Spanish: A New Argument for Rescue by PF-Deletion	Julio Villa-García (University of Connecticut Storrs)	Tim Stowell
16.30	*coffee break*		
17.00	Rescue by PF deletion, intervention effects, and head movement	Željko Bošković (Universtiy of Connecticut Storrs)	Henk van Riemsdijk

Alternate

Getting rid of uninterpretable features: blind movement and Justification	Gary Thoms (Strathclyde University)

4

Poster session 1

title	speaker
Agent-oriented adverbs = Individual-level predicates(e)	Bryan Leferman (University of the Basque Country)
The Composition and Interpretation of *Tough* Movement	Shoichi Takahashi (Nihon University)
If-clauses and (c)overt adverbs of quantification revisited	Elena Herburger (Georgetown University) & Simon Mauck (Maagha Press)
How much syntax is there in Metalinguistic Negation?	Ana Maria Martins (University of Lisbon)
Nalle Wörter werden Brüder: explaining a universal lexical gap	Hedde Zeijlstra (University of Amsterdam)
The syntax and semantics of *be like* quotatives	Bill Haddican (CUNY Queens College/University of York), Eytan Zweig (University of York) & Daniel Ezra
The Syntax-Information Structure Interface in Korean	Reiko Vermeulen (Ghent University)
Arguments against a purely feature geometric analysis of pronominal meanings	Sarah Zobel (Georg-August Universität Göttingen)
Piecing together predicate transfer	Orin Percus (University of Nantes)
A new perspective on (long) A'-dependencies	Eefje Boef (Meertens Instituut) & Irene Franco (Universiteit Leiden)
No syntax for focus marking	Giorgos Spathas (University of Utrecht)
Towards a unified analysis of modal existential wh- constructions and purpose clauses	Radek Šimík (Potsdam University)
A syntactic feature-calculus and double-access analysis for indexical shift in Tamil	Sandhya Sundaresan (University of Tromsø(CASTL)/Stuttgart)

Poster session 2

title	speaker
Template-induced Tone Sandhi in Northern Chinese Dialects - A Top-down Approach	Te-hsin Liu (National Taiwan Normal University)
Degree Cognate Objects with Unaccusative Verbs in English and Spanish	Isabel Oltra-Massuet (CCHS-CSIC)
Decomposing merge and move to make room for adjunction	Tim Hunter (Yale University)
Dative-nominative alternations and the place of Case in Grammar	Artemis Alexiadou(University of Stuttgart), Elena Anagnostopoulou (University of Crete) & Christina Sevdali (University of Ulster)
German Pertinence Datives revisited	Solveig Bosse (University of Delaware)
Syntax Drives Morphological Impoverishment of Clitics	Martin Walkow (University of Massachusetts at Amherst)
Relative Clauses from the Input. Syntactic Considerations from a Corpus-based Analysis of Italian	Adriana Belletti & Christiano Chesi (University of Siena)
The ordering of operations in the morphological component: two case studies	Erik Schoorlemmer (MIT)
To phrase or not to phrase: on the (non-)congruence of focus and prosody	Laura J. Downing (ZAS)
Ordering Restrictions in Two Dialects of Aymara	Sara Mackenzie (McGill University)
All datives originate low: direct and indirect evidence	Dimitris Michelioudakis (University of Cambridge)

Program for workshop on Intervention Effects from a Semantic Perspective

Wednesday, April 27 2011,
Department of Linguistics Sensengasse 3a, 1090 Wien

time	title	speaker
8.30	*coffee and registration*	
9.00	*opening remarks*	Doris Penka (Universität Konstanz) & Arnim von Stechow (Universität Tübingen)
9.15	DegP-Scope as Intervention? *(invited talk)*	Sigrid Beck (Universität Tübingen)
10.15	*coffee break*	
11.00	A new intervention effect with 'only' – additional evidence for a distributed syntax- and semantics of scalar 'only'	Daniel Hole (Universität zu Köln)
11.45	On the Dependent Character of Licensing	Vincent Homer (UCLA/ENS-DEC)
12.30	*lunch break*	
14.00	NPI- Intervention and alternative questions *(invited talk)*	Elena Guerzoni (University of Southern California)
15.00	Conflicting presuppositions and alternatives *(invited talk)*	Clemens Mayr (ZAS)
16.00	*coffee break*	
17.30	*General discussion*	

Program for workshop on the phonological marking of focus and topic

Wednesday, April 27 2011,
Department of Linguistics
Sensengasse 3a, 1090 Wien

time	title	speaker
8.30	*coffee and registration*	
8.50	*opening remarks*	Edwin Williams
9.00	A syntactic feature [Focus]: The P-side *(invited talk)*	Elisabeth Selkirk (University of Massachusetts Amherst)
10.00	Interaction of tone and intonation in Lhasa Tibetan: A working hypothesis	Irina Monich (University of Connecticut)
10.45	*coffee break*	
11.15	Unexpected prosodic marking of focus in Akan - the case of tonal lowering	Frank Kügler & Susanne Genzel (Potsdam University)
12.00	Focus as phrasing in Georgian	Caroline Féry (Goethe University Frankfurt) & Skopeteas Stavros (Potsdam University)
12.45	*lunch break*	
14.15	Shifting Prominence: Grammatical Factors, Cross-linguistic Differences *(invited talk)*	Michael Wagner (McGill University)
15.15	Focus (non-)realization in Ngamo (West Chadic)	Susanne Genzel & Mira Grubic (Potsdam University)
16.00	*hot chocolate and pastries*	
16.30	To Phrase or Not to Phrase: The Effect of Focus in Standard Chinese	Yiya Chen (Leiden University Center for Linguistics)
17.15	Topics in Questions *(invited talk)*	Beste Kamali & Daniel Büring (University of Vienna)
18.15	*General discussion*	

Alternate

Focus as Prosodic Alignment	Caroline Féry (Goethe University Frankfurt)

Program for workshop on Identity in Grammar

Sunday, May 1 2011,
auditorium C1 on campus,
University of Vienna

| time	title	speaker	chair
08.30	*registration*		
09.00	Opening address	Henk van Riemsdijk	Viola Schmitt
09.15	Linguistic and non-linguistic identity effects: same or different? *(invited talk)*	Moira Yip (University College London)	Viola Schmitt
10.15	*break*		
10.45	The Copy Theory of Merge *(invited talk)*	Edwin Williams (Princeton University)	Martin Prinzhorn
11.45	On donkey anaphora *(invited talk)*	Philippe Schlenker (Institut Jean-Nicod, New York University)	Martin Prinzhorn
12.45	*lunch break - catered on the premises*		
13.45	Unifying OCP and Minimality: mutual exclusion and doubling in morphosyntax	Rita Manzini (Firenze)	Marc van Ostendorp
14.25	Consonant identity in Arabic (dialect) phonology: Elemental!	Alex Bellem (University of Salford)	Marc van Ostendorp
15.05	Contrastiveness, the basis of identity avoidance	Kuniya Nasukawa & Phil Backley (Tohoku Gakuin University)	Marc van Ostendorp
15.45	*break*		
16.15	Exploring the limitations of identity effects in syntax	Artemis Alexiadou (Universitiy of Stutgart)	Thomas E. Zimmermann
16.55	Agreement with coordinate phrases: morphosyntactic vs semantic identity	Katalin É. Kiss (Hungarian Academy of Sciences)	Thomas E. Zimmermann
17.35	Identity problems. When two are the same but they shouldn't	Carlo Cecchetto (Università degli Studi di Milano-Bicocca) & Caterina Donati (Sapienza University of Rome)	Thomas E. Zimmermann
18.15	*break*		
18.45	cognitive aspects *(invited talk)*	Martin Hackl (MIT)	Daniel Büring
19.45	"Vue d'ensemble" *(invited talk)*	Jonathan Bobaljik (University of Connecticut)	Henk van Riemsdijk
20.45	*drinks and dinner in a restaurant on the premises*		

Alternates

rank	title	speaker
1	Identity effects within the M-word domain	Karlos Arregi (University of Chicago) & Andrew Nevins (University College London)
2	Identity avoidance without phonology: possession and relativization in Semitic	Mary Ann Walter (Middle East Technical University)

Conference sites   The registration/reception and the workshops on intervention and on intonation (April 27) take place in the Department of Linguistics in Sensengasse 3a, 1090 Wien. The colloquium (April 28-30) and the workshop on identity (May 1) takes place in auditorium C1 (Hörsaalzentrum C) in court 2 of the campus of the University of Vienna. You can see the location of the auditorium on the campus marked by the arrow pointing to building 2.6 on the map below. Another arrow points to the location of the department of linguistics in Sensengasse 3a just north of the campus. The map includes useful information on transportation and other infrastructure.

Conference dinner   The dinner takes place on Thursday April 28 at 20.00. The restaurant is indicated by "A" on the map. The nearest subway station is called "Johnstraße" on the subway line U6. The name and address of the restaurant is:

"Schutzhaus zur Zukunft"
Auf der Schmelz 4
1150 Wien

Restaurants   Apart from the restaurants on campus, the following restaurants are close to the conference site. Note that many restaurants in Vienna offer cheap lunch deals (*Mittagsmenu*), which usually include a main course + either soup or dessert.

Restaurant zur goldenen Kugel
Lazarettgasse 6
1090 Wien
http://www.zurgoldenenkugel.at/
Viennese cuisine – offers lunch deals

Wickerl
Porzellangasse 24a
1090 Wien
Viennese cuisine
about 10 mins walking distance – offers lunch deals

Café Berg
Berggasse 8
1090 Wien
mixed cuisine
http://www.cafe-berg.at/
about 5-10 mins walking distance – offers lunch deals

Rebhuhn
Berggasse 24
1090 Wien
Viennese cuisine
about 5-10 mins walking distance, offers lunch deals

I vecchi amici
Liechtensteinstraße 24
1090 Wien
http://www.ivecchiamici.at/
Italian cuisine
about 10 mins walking distance, offers lunch deals

Café Votivpark
Kolingasse 5
1090 Wien
10 mins walking distance, very typical Viennese place, more of a café than a restaurant, offers lunch deals

An exhaustive list of cafés, bars and restaurants close to the conference site can be found at
http://www.tourist-net.co.at/lokale/index/wien9.htm
